***Peter F.  
Pierangeli***  
**1925-2015**

---

**This catalog is dedicated to the memory of Peter F. Pierangeli, Sr., President of PPP Mfg. Company, and former founder of the Pier-Angeli Company.**

---

**Peter's life is a true American story. When Pete and his wife, Irene, opened his business, he operated it from their home basement. After many years of hard work and growing pains, he grew his company and employed over hundreds of people across the U.S., while simultaneously developing other companies to serve the needs of customers in several different industries. He was extremely well-respected and treated all employees like they were part of his own.**

**As a devoted family man, visionary and entrepreneur, he inspired everyone who knew him to be a better person. Peter was a selfless, easy-going and extremely generous man who lived a life filled with joy and love. Peter's extraordinary impact will resonate for generations to come as we carry his memory in our hearts forever.**

---

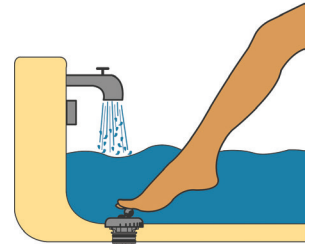

**Contains a unique ball-shift toggle system which opens and closes the drain with a simple push of the toe or finger.**
